

DECLARATIONS

Maternal Toxoplasma gondii Infection and Adverse Pregnancy Outcomes: A Systematic Review and Meta-Analysis

Article type

Review Article / Systematic Review and Meta-Analysis

Ethics approval and informed consent

Ethics approval and informed consent were not required because this study was a systematic review and meta-analysis based on data from previously published studies. No individual patient data were collected directly by the authors.

Conflict of interest

The authors declare that there is no financial or personal relationship that could inappropriately influence or bias this work.

Funding

This study received no specific grant from any funding agency in the public, commercial, or not-for-profit sectors.

Data availability

All data used in this systematic review and meta-analysis were extracted from previously published articles cited in the manuscript.

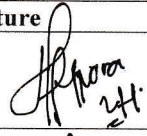

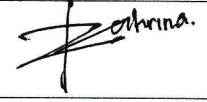

Author approval

All authors have read and approved the submitted version of the manuscript and accept responsibility for the scientific integrity of the manuscript contents.

Originality statement

The manuscript has not been previously published and is not currently under consideration by another journal.
