

Manuscript title: Association between End-Expiratory Right Diaphragm Thickness and Spirometric Indices in Stable Chronic Obstructive Pulmonary Disease: A Cross-Sectional Study

Criteria for Authorship

Each author should meet the criteria for authorship as described in the International Committee of Medical Journal Editors (ICMJE). The ICMJE recommends that authorship be based on the following 4 criteria:

- Substantial contributions to the conception or design of the work; or the acquisition, analysis, or interpretation of data for the work; AND
- Drafting the work or revising it critically for important intellectual content; AND
- Final approval of the version to be published; AND
- Agreement to be accountable for all aspects of the work in ensuring that questions related to the accuracy or integrity of any part of the work are appropriately investigated and resolved.

Authorizing Corresponding Author

I/We certify that Andika Pradana will correspond on behalf of all the authors with the Editorial board. We also grant him/her the right to carry out the necessary changes as per the recommendations of the journal and act as a guarantor for the manuscript on our behalf.
